***Prior Art Citation***

**1. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.**

Kobayashi et al. (6,687,194) and Ikeda et al. (6,067,284), both disclose an optical disk drive having the ability of setting the optimum record power by performing test writing on the optical disk.

***Reasons For Allowance***

**2. The following is an Examiner's Statement of Reasons for Allowance:**

The prior art of record alone or in combination does not teach or suggest the optical disk drive having the combination of elements with their recited structure, along with the specific structure and arrangement of the pre-test data recorder, offset detector and OPC operator, as set forth in the claims, and as disclosed in the specification.

Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably **accompany** the
